“

Everyone at Bicycle Health is really super nice and polite, and they really seem to care. I'm not used to being treated so nicely.

Evidence-based treatment that works for opioid addiction.

Medication for Addiction Treatment (MAT) offers the lowest relapse rates for opioid use disorder, helping people to stop using opioids with minimal physical discomfort. With this solid foundation, our patients are able to achieve meaningful careers, stable relationships, and

better futures.

Get safe and secure online treatments right at home.

We believe addiction treatment should be available to everyone who needs it. And with our technology-driven approach, we work to reach as many people as possible.

Access your medical team via video calls. Lab testing can even be done at your home.

Imagine what's possible on the other side of opioid use disorder.

Our science-backed approach boasts 95% of patients reporting no

withdrawal symptoms at 7 days. We can help you achieve easier days
and a happier future.
